OZCORP STUDIO

Market and portfolio intelligence

Market intelligence examines companies, technology sectors, and market developments to help clients understand opportunities and make informed strategic decisions.

Inquire for pricing

CORE COMPETENCIES

01

Technology market intelligence

Sector and market research that organizes relevant participants, developments, and signals for science and technology decision-makers.

02

Venture and company assessment

Structured analysis of companies, portfolios, commercial opportunities, and strategic relationships in their market context.

03

Evidence-based strategic analysis

Research on organizational patterns, external risks, and market evidence, communicated with clear sources, assumptions, and implications.

IN THIS STATEMENT

01 **Technology sector and market landscapes** — Page 2
A sourced view of technology sectors, participants, and market movement.

02 **Company, portfolio, and opportunity research** — Page 3
Context for comparing ventures, portfolios, and commercial openings.

03 **Patterns, risk, and decision briefs** — Page 4
Evidence and implications organized around a defined strategic decision.

WHO WE SUPPORT

Founders, operators, investors, and research-driven organizations evaluating technology markets and commercial opportunities.

Frame your market decision

Specify the sector, company, or portfolio and the geographic or technical boundaries for a sourced assessment.

CAPABILITY 01 OF 3

Technology sector and market landscapes

Map a selected market, its segments, relevant organizations, emerging technologies, and material developments.

Inquire for pricing

SCOPE OF WORK

- Sector structure and participant research
- Competitor and adjacent-market review
- Technology and market development tracking
- Source-backed findings with scope and assumptions

APPLICATIONS

Market entry, technology strategy, competitor review, and sector monitoring.

SCOPE NOTE

Research supports decisions but does not guarantee market outcomes or provide legal or investment advice.

WORKFLOW

01
Define the research question

Agree on the decision context and geographic or technical boundaries.

02
Map the market

Identify segments, organizations, technologies, and relevant developments.

03
Gather and assess sources

Collect evidence and record its relevance, date, and limitations.

04
Analyze market signals

Compare participants and developments against the stated question.

05
Deliver the landscape

Present findings, sources, assumptions, and implications in a focused brief.

SUGGESTED NAICS

541611 Administrative Management and General Management Consulting Services
541690 Other Scientific and Technical Consulting Services
541990 All Other Professional, Scientific, and Technical Services.

SUGGESTED PSC

B524, B529, and B544 Special Studies and Analysis.

Frame your market decision

Specify the sector, company, or portfolio and the geographic or technical boundaries for a sourced assessment.

CAPABILITY 02 OF 3

Company, portfolio, and opportunity research

Review a company or venture in context through its stated direction, relevant activity, technology position, and available market signals.

Inquire for pricing

SCOPE OF WORK

- Company and venture profiles
- Commercial and partnership opportunity assessment
- Portfolio-level research support
- Enterprise and licensing context research

APPLICATIONS

Venture assessment, portfolio research, commercial opportunities, partnerships, and licensing context.

SCOPE NOTE

Findings are based on available evidence and are not guarantees of investment or commercial performance.

WORKFLOW

01 Set the assessment scope

Define the company, portfolio, opportunity, and decision questions.

02 Collect relevant evidence

Review stated direction, activity, technology, and market signals.

03 Assess strategic context

Compare the evidence with relevant organizations and alternatives.

04 Evaluate opportunities

Document commercial, partnership, enterprise, and licensing considerations.

05 Prepare the assessment

Deliver sourced findings and assumptions aligned to the decision.

SUGGESTED NAICS

541611 Administrative Management and General Management Consulting Services
541690 Other Scientific and Technical Consulting Services
541990 All Other Professional, Scientific, and Technical Services.

SUGGESTED PSC

B524, B529, and B544 Special Studies and Analysis.

Frame your market decision

Specify the sector, company, or portfolio and the geographic or technical boundaries for a sourced assessment.

Guaynabo, PR 00968

CAPABILITY 03 OF 3

Patterns, risk, and decision briefs

Analyze organizational or market patterns and communicate their significance for a defined business decision.

Inquire for pricing

SCOPE OF WORK

- Data-informed pattern and risk analysis
- Evidence-linked interpretation
- Research questions and decision criteria
- Concise briefs and analytical reporting

APPLICATIONS

Organizational review, market risk analysis, prioritization, and executive decision support.

SCOPE NOTE

Analysis distinguishes observed evidence from interpretation and depends on the sources available for review.

WORKFLOW

01 Frame the decision

Set the question, decision criteria, and relevant time horizon.

02 Assemble the evidence

Collect data and sources appropriate to the defined scope.

03 Analyze patterns

Compare observations and identify material signals or risks.

04 Separate evidence and interpretation

State assumptions, limitations, and alternative explanations.

05 Prepare a decision brief

Summarize implications and next questions for the intended audience.

SUGGESTED NAICS

541611 Administrative Management and General Management Consulting Services
541690 Other Scientific and Technical Consulting Services.

SUGGESTED PSC

B524, B529, and B544 Special Studies and Analysis.

Frame your market decision

Specify the sector, company, or portfolio and the geographic or technical boundaries for a sourced assessment.
