CAPABILITIES

01 Technology sector and market landscapes

- Sector structure and participant research
- Technology and market development tracking
- Competitor and adjacent-market review
- Source-backed findings with scope and assumptions

SUGGESTED NAICS 541611 541690 541990
SUGGESTED PSC B524 B529 B544

Scope note. Research supports decisions but does not guarantee market outcomes or provide legal or investment advice.

02 Company, portfolio, and opportunity research

- Company and venture profiles
- Portfolio-level research support
- Commercial and partnership opportunity assessment
- Enterprise and licensing context research

SUGGESTED NAICS 541611 541690 541990
SUGGESTED PSC B524 B529 B544

Scope note. Findings are based on available evidence and are not guarantees of investment or commercial performance.

03 Patterns, risk, and decision briefs

- Data-informed pattern and risk analysis
- Research questions and decision criteria
- Evidence-linked interpretation
- Concise briefs and analytical reporting

SUGGESTED NAICS 541611 541690
SUGGESTED PSC B524 B529 B544

Scope note. Analysis distinguishes observed evidence from interpretation and depends on the sources available for review.

WHO WE SUPPORT

Founders, operators, investors, and research-driven organizations evaluating technology markets and commercial opportunities.

Frame your market decision

Specify the sector, company, or portfolio and the geographic or technical boundaries for a sourced assessment.
